Mindanao Strategic Vision

Visiting with LRF Students

Sara and I traveled to the MSV Conference in Northern Mindanao the last week of February. We were able to interact with Filipino missionaries, students from the Life Resources Foundation, committed to Muslim work in the Philippines, and Americans from churches involved directly with MSV. It was a great time and I was very encouraged by the response to the new Iranun video that I showed them during my time to share. At least six LRF students talked with Sara and me afterwards about possibly going to work among the Iranun Muslims of Mindanao. We praise the Lord for how He is working in the lives of these young people!

Sara and Julie Anne

Julie Anne will likely join the existing Sama team of workers for her internship year as a student of LRF.

LRF students interested in working with the Iranun Muslims

*Due to the weak dollar against the peso, we have lost approximately 13% of our income in currency exchange over the last 12 months. A year ago, we received P55 to \$1, now we are receiving P48 for \$1. Please PRAY that the Lord would raise up the monthly support to cover this shortfall.

*Please PRAY for the Lord to direct Caleb as to which college or university he should attend this fall.

*Please PRAY for wisdom to know what we should sell and what we should keep before coming home for at least six month home assignment in June. PRAY that we can get a good resale price on our 2000 Mitsubishi van.

Tim and Alawi

Alawi and his wife work on his native island of Mapun. He has led his entire family, all devote Muslims, to the Lord! There are now 6 new believers on Mapun and 10 more Muslims who Alawi is working with, that are seeking to know Jesus. Alawi is in partnership with a U.S. church through the MSV alliance.
